I would like to express my interest in serving on Beechwood High School's SBDM Committee for the 2021-2022 school year. I have been a part of the Beechwood community since moving to Ft. Mitchell in 2017. My son Warner is a current 7th grader and Maren is a current 6th grader.

I am a graduate of Miami University with a Bachelor of Arts degree in Business Administration. My career has been spent primarily in the professional services/consulting industry, with roles spanning business development, management, and executive leadership. My professional experience, curiosity, energy, and highly relational nature position me well to serve Beechwood High School as a parent representative for SBDM.

A public school graduate myself, I am passionate about public education and community. I believe that all students deserve a high-quality education, and the SBDM Committee provides a unique opportunity for parents, teachers, the school board, and administration to partner with the goal of improving student success. One of the key responsibilities of parent SBDM representatives is to *promote communication and the exchange of information*. If elected to SBDM, my sales and marketing experience can be leveraged to ensure communication and information is shared across all stakeholders. Additionally, my experience leading organizations will allow me to make pragmatic decisions that have the best outcome for our students.

I truly love the Beechwood community and want to increase my investment in our schools. If chosen, I will take my commitment to SBDM very seriously, making the success of our students my primary goal. I would be honored to represent Beechwood parents and believe my experience – both personally and professionally – position me well for the role.
